Applies a surcharge to Operator Station and Person-to-Person rated calls when the Customer has the capability of dialing all the digits necessary to complete a call, but elects to dial only the appropriate operator code ("0") and requests the operator to dial the called station.

In addition to any service charges, the surcharge applies to interstate intraLATA calls. The surcharge does not apply to:

- Calls where a Customer cannot otherwise dial the call, due to defective equipment or trouble on the Telephone Company Network.
- Calls in which a Telephone Company operator places a call for a calling party who identifies himself/herself as being handicapped and unable to dial the call because of his/her handicap, or
- Telephone Company Calling Card calls.
